Destroyer - The Hydra H-63 medium tracked destroyer of the Hartogen Republic is armed with four 100mm recoilless rifles for attacks on enemy fortifications and armored vehicles.

Model from author's collection.

Scouter - The Coyote T-81C is one variant in a highly successful family of scouters produced and fielded by the Toron Dominion.

Model from author's collection.

LASERGRENADIERS - PHOTO GALLERY 1

Stormers – A trio of Stormers equipped with powered armor and jetpacks. The photograph illustrates the large weapons that troops in powered armor are able to field.

Figures by Milton Bradley.

Walker – A Rhinoceros L-98 heavy walker tank of the Landoth Protectorate advances through the defenses of the village of Kalam. The tank was designed to fire effectively to the sides as well as to the front for the purpose of breaching enemy defensive lines.

Model from author's collection.

LASERGRENADIERS - PHOTO GALLERY 1

Wardrones – A Talon L-152A medium wardrone (left) and Mongoose L-24 heavy wardrone of the Landoth Protectorate.

Figure by Rackham. Model from author's collection.

Tank – An Antlion V-18 heavy tracked tank of the Vondar Imperium advances into the open after eliminating an enemy antitank position.

Model from author's collection.
